

Services

Venture Equestrian is open to anyone interested in horseback riding. We can accommodate all levels of ability and tailor sessions to meet individual requirements.

Riding is done in our state-of-the-art indoor and outdoor arenas, both equipped with rubber footing and mounting ramps.

Our staff share a love of horses, riding and a commitment to offer this experience to the community. All staff maintain required certifications in First Aid, CPR and OSHA.

In addition to a broad spectrum of equestrian arts, our Small Animal Farm includes a herd of friendly sheep, miniature horses, goats.

Venture Equestrian

“There’s something about the outside of a horse that’s good for the inside of a man.”

For thousands of years, people and horses have bonded, and though our reliance on these proud animals has changed over time, the elemental, valuable connection remains. Riding provides a myriad of therapeutic benefits. It conveys a sense of empowerment and mastery. Sitting atop a 1,000 lb. animal and commanding it through its paces is exhilarating.

Riding improves physical strength, balance, mobility, and coordination. It helps to promote a better attention span, concentration, social awareness, confidence, and self-esteem.

Recreation for children and adults

Our program delivers hands-on instruction geared to the ability and learning style of each participant. There is no need for prior riding experience—we provide each student with an individualized program. Safety and respect for ourselves and our animal friends is emphasized.

Whether navigating through an obstacle course, getting a horse to respond to the reins, or developing the posture to sit up straight in the saddle, students gain strength, coordination, balance, and cognitive skills while they have lots of fun!

Our program is open to everyone who wishes to experience the power of horses.

The communication skills, love, and respect we build with our animal friends endure a lifetime.
